

Welcome!

From the Indian Federation of University Women's Association (IFUWA) President Enakshi Chattopadhyay

I would like to extend a hearty welcome to an All India Conference on "Women, Water and Food Security" to all who will be visiting India at the occasion of the Virginia Gildersleeve International Fund's (VGIF's) Friendship Tour in November 2009.

Right at the end of the tour, in Calcutta, the Indian Federation of University Women's Association (IFUWA) will be organizing this conference with eminent speakers and topics on empowerment of rural and urban women who are economically disadvantaged. This will also be a great opportunity for IFUWA to interact with members of the VGIF group as well as all others who attend the conference. IFUWA would send more details about the conference shortly.

All travelers as also welcome to visit IFUWA in Delhi which is also on their travel route.
