

Dear all,

I welcome you all to the brand new UWE list serve.

With the email addresses of the participants of the UWE conference 2006, Geneva has created a list serve. This implies that from now on we can send messages to all these members via uwe@ifuw.org

More information on how to send a message, how to join the list serve or how to be removed from the list serve will be emailed to you by the Geneva Office.

I am using this opportunity to inform you of some other issues:

1. At the general Assembly of the European Women Lobby in Prague on 21st of October **Renée GERARD**, UWE Vice president, has been elected for two years to the Board of Administration of EWL. UWE is one of the eight European wide associations sitting on that Board. Willemijn van der Meer is her alternate so that both members of the executive are representing us. With our sister associations we shall pursue our struggle for equality of chances for women in Europe.

2. You can download the English version of the UWE General Assembly 2006 minutes via:

<http://www.ifuw.org/uwe/uwe-minutes-2006.doc>

The French version of the minutes is in process.

3. I am currently updating the UWE website (<http://www.ifuw.org/uwe>). You will find the data of upcoming European events under the header: **Conferences & Events**.

A new header: **Women's Rights**
European Women's Lobby
CEDAW

is added.

Audrey Kühler has put the report of the European Project Meeting 2006 on the website under the header: **European Projects**

4. A plusieurs mains l'ouvrage avance et Deux avis valent mieux qu'un.

Many hands make light work and Two heads are better than one

I would like a lot of you are really getting involved in the UWE. There are several opportunities to get involved. We are creating some activity group's right now; amongst other a group who will review the UWE constitution and a group who will work on the Roadmap for equality between women and men 2006-2010. If you wish to participate in any of these please send me an email

(vdmwillemijn@hotmail.com).

Another opportunity is to translate all kind of reports from English into French. Who is capable of translation official and less official reports from English into French and want to invest some of her time in the UWE? If you are the one please send me an email (vdmwillemijn@hotmail.com)

Regards,

Willemijn van der Meer

Your new President
